B - RENTAL CONDITIONS & HOUSE RULES

GENERAL - B1

- The rental conditions and house rules are an integral part of the room booking confirmation (rental contract). Disregard entitles HSLU housing after an unsuccessful reminder to dissolution of the rental contract.

- The rental object serves exclusively as living and learning area.

- HSLU housing provides accommodation for students to cost, as low as possible. We appreciate it if you take good care of the accommodation, the utensils and furniture provided and treat your colleagues always with respect by following the rules & conditions.

- Tenants are liable for any damage caused by them or their guests and are responsible for their own personal belongings.

- In the event of conflicts within the shared living community, HSLU Housing reserves the right to call short-notice meetings to discuss the situation with everyone. Attendance at such a meeting is mandatory. Failure to attend will result in a charge of CHF 50.00

- HSLU housing does not provide any parking spaces.

ASSIGNMENT OF A RENTAL OBJECT - B2

- The Lucerne University of Applied Sciences and Arts provides limited rooms for students. The demand is greater than the supply. First and foremost, new arrivals are prioritized, as it is almost impossible for many students, especially those of international origin, to find accommodation before their arrival. All rental contracts have a fixed duration and end automatically at the written end date in your contract. Therefore, please note that the accommodation offer will end on the specified date, and you should look for an alternative **early**.

- The tenant is obliged to inform housing within 30 days of the removal from the register of students HSLU.

- Any changes regarding income and employment must be reported immediately, particularly if your income exceeds CHF 28`000/year.

- The tenant is obliged to register him/herself at the Municipal Office within 10 days. When leaving, the tenant must give notice of his/her departure. Unregistered users may result in immediate termination.

HANDOVER RENTAL OBJECT - B3

- The room is ready from the first day of the agreed rental period.

- Handover dates and times will be proposed by email by the property management.

- If the beginning of the rental period falls on a Saturday, Sunday or local holiday, the handover shall be fulfilled on the following working day during office hours.

- The tenant is obligated to show up in person for the handover or meeting afterwards.

- If you arrive at your accommodation or in the city in general before the start of your rental period as specified in the contract, you will need to find alternative accommodation (such as a hotel or guesthouse). We cannot make the rooms available before the start of the rental period.

- If you arrive at the location on your date of rent start or some days later and it is outside office hours, the key will be deposited in the key box in front of the entrance. Information about where and the codes will be provided by mail.

  This is also the practice when we don't have the resources to handle all transfers in person. In both cases, the tenant still must book an appointment for the handover in person.
